

REFILLABLE / NON-REFILLABLE

## RELIABLE AND SIMPLE

Compact Reverse Vending Machine  
for refillable and non-refillable  
(PET-bottles/cans)

# i-core V

# 50

A small icon of a globe with two green leaves sprouting from the top, positioned to the right of the number 50.

## The Concept

For customers who do not require compaction of beverage containers but prefer the advantages and comfort of automated handling, the i-core V 50 is the low price "plug-and-play" solution refillable and non-refillable containers (cans and PET-bottles).

A new machine design using our proven technology to guarantee customer satisfaction and acceptance due to the easy handling. The modular construction facilitates dismantling and cleaning of the machine.

### Basic data:

Dimensions (h x w x d) stand-alone version	1,830 x 990 x 880 mm (= 0.87 m <sup>2</sup> of floor space required)
